

HONOR™ SHOWCALF SUPPLEMENT

Product Benefits

- Designed for the nutrient needs of rapidly growing show cattle.
- Formulated to provide a combination of both bypass and rumen degradable protein in order to meet both the animal and microorganisms needs.
- Use with high quality, locally available grains and roughages for show calf rations.
- Eligible for the HONOR™-HONOR ROLL™ Awards Program.

HONOR™ SHOWCALF SUPPLEMENT

Product Features:

- Pelleted protein (35.5%), vitamin and mineral supplement
- Formulated to provide a combination of both bypass and rumen degradable protein, using all-natural protein sources
- Highly fortified source of trace minerals, using both organic (from Zinpro™) and inorganic sources. Also formulated to provide elevated levels of vitamins for stressed cattle, specifically Vitamins A and E.
- Contains Diamond V's "XP" yeast culture for improved feed palatability and digestibility
- Added potassium
- Contains flavoring agents
- Contains mold inhibitors

Product Benefits:

- Designed to meet the needs of animals consuming high-quality feedstuffs.
- Combination protein sources (from vegetable and approved animal sources) help meet the requirements of both the animal and rumen microbes, and increases muscle deposition.
- Designed to support the immune system of show cattle facing disease challenges.
- Better palatability helps maintain consistent feed intake. Better feed digestibility helps make more nutrients available to the animal for absorption, performance, health and production.
- Replenish intracellular fluids lost during transportation (shrink).
- Improved intakes.
- Keeps feed fresh longer.
