

HONOR™ SHOWLAMB GROWER 15% DX

Product Benefits

- Provides a highly fortified source of vitamins and trace mineral, along with a balanced energy and protein to allow sheep to achieve top show ring performance.
- Medicated with Deccox to prevent coccidiosis.
- To be used with CHAMPION DRIVE™ TOPDRESS.
- Textured

HONOR™ SHOWLAMB GROWER 15% DX

Product Features:

- Fully fortified with all essential vitamins and minerals
- Textured feed containing a mixture of high-quality processed grains, cottonseed hulls and molasses
- Formulated to provide a combination of both bypass and rumen degradable protein, using all-natural protein sources
- Contains Diamond V's "XP" yeast culture for improved feed palatability and digestibility
- Added Ammonium Chloride
- Medicated with Deccox™

Product Benefits:

- For excellent muscle growth and body condition.
- For improved palatability and nutrient utilization.
- Combination protein sources (from vegetable and approved animal sources) help meet the requirements of both the animal and rumen microbes, and increases muscle deposition.
- Aids in replenishing rumen microorganisms, enhances ration intake and digestibility all targeted at improving the nutrient intake of stressed animals.
- To reduce incidence of urinary calculi (water belly).
- For the prevention of coccidiosis.

HONOR™ SHOWLAMB GROWER 15% DX

General Description: A complete textured feed intended for show sheep.

HONOR™ SHOWLAMB GROWER 15% DX

Medicated

For the prevention of coccidiosis in young sheep caused by Eimeria bakuensis, Eimeria crandallis, Eimeria. ovinoidalis and Eimeria parva.

CAUTION: USE ONLY AS DIRECTED, FOR SHEEP ONLY

ACTIVE DRUG INGREDIENT

Decoquinatate 15.13 grams/ton

GUARANTEED ANALYSIS

Vitamin A IU/lb, Not less than	5,000
Vitamin D ₃ ,IU/lb, Not less than.....	1,200
Vitamin E. IU/lb, Not less than	20

FEEDING DIRECTIONS

HONOR™ SHOWLAMB GROWER 15% DX is a complete feed and designed to be full fed to grow/finish lambs intended for the show ring. No additional roughage is required once lambs are adapted. This feed may be fed to show lambs of any age or weight. If lambs have not been receiving a high-energy ration, offer a small amount (0.5 to 1 lb.) along with free-choice, high quality hay. Gradually increase this amount until lambs are consuming 0.3 lb of **HONOR™ SHOWLAMB GROWER 15% DX** per 10 lb body weight to provide 22.7 mg Decoquinatate per 100 lb body weight daily. Topdress with **CHAMPION DRIVE™ TOPDRESS** at the rate of 0.5 to 1.0 lb/lamb/day, to provide supplemental protein and vitamins. Always provide plenty of clean, fresh water. Feed at least 28 days during periods of exposure to coccidiosis or when it is likely to be a hazard.

Caution

Do not use in feeds containing bentonite.

Warning

Do not feed to sheep producing milk for feed.

FERMENTATION FORTIFIED WITH DIAMOND V XP™ YEAST CULTURE.
